Water Boy makes a splash!

Water Boy, with funding support from East Gippsland Water, will be making a special appearance at the East Gippsland Field Days on Saturday 20 April to deliver some fun-packed children's entertainment.

Between 11am and 2pm you will find him hovering around the healthy lifestyle stand being run by Bairnsdale Regional Health Service and Gippsland Lakes Community Health, as well as by the East Gippsland Water trailer where he will also stage two shows.

It's Water Boy!

Water Boy will be highlighting the importance of good oral health and water as the drink of preference, with special pint-size East Gippsland Water bottles also available free from the health services' stand while stocks last.
